

Technical drawing of a mechanical part, likely a cross-section of a component. The drawing shows a symmetrical, elongated shape with a central vertical axis. The overall width is dimensioned as (60) and the overall height as (210). The part features a central circular hole and two smaller, semi-circular cutouts on either side. The bottom of the part is flared out, suggesting a mounting or connection point. The drawing includes dimension lines and a scale bar.
