

Technical drawing of a mechanical assembly showing a cross-section of a frame with a central component. The drawing includes dimensions: a total width of 75 ± 0.4 , a total height of 94, and a central height of 44. A surface texture symbol indicates a roughness of 0.5. A detail view shows a surface texture of 0.3. The central component is labeled 284025, and the frame components are labeled 345230 and 345120.

A schematic diagram of a mechanical assembly. It features a central component, possibly a motor or actuator, with a rectangular body and a central shaft. This central component is flanked by two larger, more complex components that appear to be structural supports or housings. The entire assembly is mounted on a base. The diagram is a technical line drawing showing the relative positions and shapes of the parts.

A diagram showing a 2x3 grid of nodes. The top row contains nodes labeled A3, A1, and F1 from left to right. The bottom row contains nodes labeled A4, A2, and F2 from left to right. Each node is represented by a circle with a cross inside. Horizontal and vertical dashed lines connect the nodes in a grid pattern.

(Pos. 8 et 14 uniquement pour Isomat 4)
