

The left part of the image shows a technical drawing of a machine frame. It consists of a large, L-shaped frame with a central horizontal beam. A central component, likely a roller or guide, is mounted on the beam. The right part of the image shows a kinematic chain diagram. It includes a 3-link mechanism (Isomat 3) with joints A1, A2, A3, and A4, and a 4/5-link mechanism (Isomat 4/5) with joints 1 through 14. A legend indicates that a black dot represents a 'Druckwalze' (pressure roller) and an arrow represents the 'Durchlaufrichtung' (direction of travel).
