

The technical drawing consists of three parts:

- Left View:** A side elevation of a machine. It features a large, angled housing on the left, a central horizontal assembly with a dark, rectangular component, and a vertical support structure on the right. The machine is mounted on a base.
- Top View (Isometrie 3):** A plan view of the machine's base. It shows a rectangular footprint with a grid of points labeled A1, A2, A3, A4, F1, and F2. A horizontal arrow labeled "Durchlauf-richtung" (direction of travel) points from right to left.
- Bottom View (Isometrie 4/5):** A plan view of the machine's base, showing a different set of points labeled 1 through 14. A horizontal arrow labeled "Andruckwalze" (pressure roller) points from right to left.

The bottom view includes a note: "(Pos. 8 u. 14 nur im Isomet 4)", indicating that positions 8 and 14 are only present in Isometrie 4.
