

The left part of the drawing shows a cross-section of a roller assembly. It consists of a central roller with a textured surface, mounted on a frame. The roller is positioned between two vertical guides. The right part of the drawing shows a 3x3 grid of contact points labeled A1, A2, A3, A4, F1, and F2. A horizontal arrow labeled 'Durchlauf-richtung' (direction of travel) points to the left. Below the grid, a horizontal line with 14 points is shown, labeled 'Isomat 4/5'. The points are numbered 1 to 14 from right to left. A legend indicates that a black dot represents 'Andruckwalze' (pressure roller). The text '(Pos. 8 u. 14 nur im Isomat 4)' is written below the line.
