

The left part of the diagram shows a cross-section of a roller assembly. A label 'SA1' points to the side plate of the roller. The right part shows a top-down view of the roller chain layout. It includes a grid of positions labeled A1, A2, A3, A4, F1, F2, and SA. A legend indicates that a solid dot represents the 'Andruckwalze' (drive roller) and a dot with a circle represents the 'Seitliche Andruckrolle' (side drive roller). The positions 8 and 14 are noted as being only in Isomat 4.
