

The left part of the drawing shows a side view of a machine frame. It consists of a large, angled support structure on the left, a central horizontal beam, and a vertical support on the right. A central component, possibly a roller or guide, is mounted on the beam.

The right part of the drawing shows two isometric views of the machine frame:

- Isomat 3:** A top-down isometric view showing the layout of the machine. It features a central horizontal beam with a central component. Above the beam are three points labeled A3, A1, and F1. Below the beam are three points labeled A4, A2, and F2. A horizontal arrow labeled "Durchlauf-richtung" (Direction of travel) points to the right.
- Isomat 4/5:** A side isometric view showing the machine frame from the side. It features a horizontal beam with a central component. The beam is marked with points 14, 13, 12, 11, 10, and 9. Below the beam are points 8, 7, 6, 5, 4, 3, 2, and 1. A horizontal arrow labeled "Andruckwalze" (Pressing roller) points to the right.

(Pos. 8 u. 14 nur im Isomat 4)
