

The technical drawing consists of three parts:

- Left View:** A side elevation of a machine. It features a large, angled frame on the left, a central horizontal assembly with a textured cylindrical component, and a vertical frame on the right. A dashed line indicates a hidden part of the machine.
- Top View (Isomet 3):** A plan view showing a rectangular layout of points. The points are arranged in two rows of three. The top row points are labeled A3, A1, and F1 from left to right. The bottom row points are labeled A4, A2, and F2 from left to right. Dashed lines connect the points in a grid. To the right of the grid is an arrow pointing left, labeled "Durchlauf-richtung" (direction of travel).
- Bottom View (Isomet 4/5):** A plan view showing two rows of points. The top row points are numbered 14, 13, 12, 11, 10, and 9 from left to right. The bottom row points are numbered 8, 7, 6, 5, 4, 3, 2, and 1 from left to right. Vertical lines connect the points in pairs: (14, 8), (13, 7), (12, 6), (11, 5), (10, 4), and (9, 3). Rectangular blocks are placed between the pairs (12, 6) and (11, 5), and between (10, 4) and (9, 3). A legend on the right shows a solid black circle labeled "Andruckwalze" (pressure roller).
