

The left part of the drawing shows a cross-section of a roller assembly. It consists of a central roller (shaded) mounted on a frame. The roller is supported by a base and has a top cover. The right part of the drawing shows a schematic of the roller layout. It includes a 3D isometric view (Isomat 3) and a 2D top view (Isomat 4/5). The 3D view shows a rectangular frame with a central roller. The 2D view shows a grid of points labeled A1, A2, A3, A4, F1, F2, and F3. A legend indicates that a dot represents the 'Andruckwalze' (pressure roller). The 2D view also shows a sequence of numbers 1 through 14, with some numbers (14, 13, 12, 11, 10, 9) corresponding to the points in the 3D view. A note at the bottom states: '(Pos. 8 u. 14 nur im Isomat 4)'.
