

The technical drawing consists of three parts:

- Left View:** A side elevation of a machine. It features a large, angled housing on the left, a central horizontal assembly with a cross-hatched section, and a vertical support structure on the right. A horizontal line extends from the base of the machine.
- Top View (Isomet 3):** A rectangular layout showing six points labeled A1, A2, A3, A4, F1, and F2. Points A1, A2, A3, and A4 are arranged in a 2x2 grid. Points F1 and F2 are located to the right of A1 and A2, respectively. A horizontal arrow labeled "Durchlauf-richtung" (Direction of travel) points to the left.
- Bottom View (Isomet 4/5):** A horizontal layout showing two rows of points. The top row is labeled 14, 13, 12, 11, 10, 9 from left to right. The bottom row is labeled 8, 7, 6, 5, 4, 3, 2, 1 from left to right. Vertical lines connect the points in the top row to the bottom row. A legend indicates that a solid dot represents the "Andruckwalze" (Pressure roller).
