

The left side of the drawing shows a side view of a printing press section. It features a large cylinder assembly with a central roller and surrounding support structures. The right side of the drawing shows a dot pattern diagram. The diagram consists of two rows of dots. The top row is labeled 'Isomat 3' and the bottom row is labeled 'Isomat 4/5'. The dots are arranged in a grid with columns numbered 14, 13, 12, 11, 10, and 9 from left to right. The dots in the top row are labeled A3, A1, F1, A4, A2, F2. The dots in the bottom row are labeled 8, 7, 6, 5, 4, 3, 2, 1. A legend indicates that the dots represent 'Andruckwalze' (counter roller). A note at the bottom right states '(Pos. 8 u. 14 nur im Isomat 4)' (Positions 8 and 14 only in Isomat 4). An arrow labeled 'Durchlauf-richtung' (running direction) points to the right.
