

The diagram shows a detailed side view of the SA1 roller assembly on the left. To the right, a schematic diagram illustrates the roller arrangement for Isomat 3 and Isomat 4/5. The Isomat 3 section shows a 2x3 grid of rollers labeled A3, A1, F1 in the top row and A4, A2, F2 in the bottom row. Two central rollers are labeled SA. An arrow indicates the 'Durchlauf-Richtung' (through direction) from right to left. The Isomat 4/5 section shows a horizontal sequence of rollers numbered 14, 13, 12, 11, 10, 9 in the top row and 8, 7, 6, 5, 4, 3, 2, 1 in the bottom row. Symbols indicate the function of each roller: a solid dot for 'Andruckwalze' (pressure roller) and a dot with a circle for 'Seitliche Andruckrolle' (side pressure roller). A note specifies that positions 8 and 14 are only present in Isomat 4.
