

The technical drawing on the left shows a side view of a machine with a cross-section of its internal components. The cross-section reveals a central chamber with a grid-like structure, likely a filter or a specific type of media, surrounded by various mechanical parts and seals.

The schematic on the right illustrates the Isomat 3 and Isomat 4/5 systems. The Isomat 3 system is shown as a 2x3 grid of points labeled A3, A1, F1, A4, A2, and F2. The Isomat 4/5 system is shown as a horizontal line with 14 points, numbered 1 to 14 from right to left. A legend indicates that a solid circle represents the 'Andruckwalze' (pressure roller). The text 'Durchlauf-richtung' with an arrow pointing left indicates the direction of flow. A note at the bottom states '(Pos. 8 u. 14 nur im Isomat 4)', meaning positions 8 and 14 are only present in the Isomat 4 system.
