

The drawing shows a side view of a mechanical assembly. On the left is a large, L-shaped component with a vertical section and a horizontal base. A small, rectangular component is attached to the right side of the vertical section. In the center, there is a smaller, rectangular component with a central opening. On the right, there is a larger, rectangular component with a central opening, which appears to be the main body of the assembly. The drawing is a technical sketch, likely for a patent application, showing the components and their relative positions.
