

The left part of the drawing shows a side view of a machine frame. It features a large vertical support on the left, a horizontal beam in the middle, and another vertical support on the right. A central component, likely a roller or guide, is mounted on the beam.

The right part of the drawing is a schematic diagram of the roller arrangement. It consists of two rows of rollers labeled A1 through F2. The top row has rollers A3, A1, and F1. The bottom row has rollers A4, A2, and F2. Dashed lines connect the rollers in each column (A3-A4, A1-A2, F1-F2). To the right of the diagram is an arrow pointing left, labeled "Durchlauf-richtung". Below the diagram is a horizontal axis with points numbered 9 to 14 from right to left. Above the axis are labels "Isomat 3" and "Isomat 4/5". Below the axis are labels 8 to 1 from right to left. A legend indicates that a black dot represents an "Andruckwalze". At the bottom, it says "(Pos. 8 u. 14 nur im Isomat 4)".
