

The technical drawing consists of two parts:

- Left Part:** A side-view cross-section of a machine frame. It shows a large vertical support on the left, a central horizontal assembly with rollers or guides, and another vertical support on the right. The central assembly appears to be a carriage or a moving part.
- Right Part:** Detailed views of the Isomat components.
 - Isomat 3:** A rectangular component with six mounting points labeled A1, A2, A3, A4, F1, and F2. An arrow labeled "Durchlauf-richtung" (Direction of travel) points from right to left.
 - Isomat 4/5:** A component with a series of numbered positions (1 to 14) along its length. Positions 8, 7, 6, 5, 4, 3, 2, and 1 are marked with dots, indicating roller positions. Positions 14, 13, 12, 11, and 10 are also marked. A legend indicates that the dots represent "Andruckwalze" (Pressure roller).
